

## Do you know anyone looking for an electronic safety management system?

**You could earn money by referring them to us.**

We are always on the look out for new customers. The majority of our customers have always come from referrals. Because of this we have set up a referral program to reward you for your efforts.

It's really easy; just send us details of your clients, contacts and friends to who are looking for an electronic safety management system. We will contact them and find out what they need. We won't pester them or add them to a mailing list.

Just think what'll happen when they join and start telling everyone else how great your organisations is for introducing them to such a talented group of people (we mean our customers!)

## What do they get?

**A powerful, easy to use safety management system that doesn't cost the earth.**

Monitoring and reporting are vital parts of a good health and safety culture, SHE<sup>®</sup> Software helps report on both specific (resulting from an incident) and routine performance. Track preventative information, such as training records, risk assessments, asset maintenance and actions, along with reactive data from incidents and investigations.

SHE<sup>®</sup> will save time and reduce costs by consolidating compliance information into one central location and sharing that information with all staff, through the safety portal module. Users can save time by quickly accessing only information pertinent to them via their own personal dashboard.

## What do you get?

**Compensation and Respect.**

If someone you refer purchases the software, we will pay you, depending on what they buy. You will also gain kudos by introducing them to a system that will improve their organisation and make being a safety professional more efficient.

We will track the number of referrals we receive from our existing customers each year. The person with the most referrals will be added to the nomination list for the Connect award, which is presented at the User Group.

## Terms & Conditions

### The legal bit

- In order to participate you must reside within the United Kingdom.
- To qualify, the referral must be a new, first-time customer and must order, use the software and remain a customer for a minimum of 6 months, if paying monthly.
- Payment will be made 90 days after receipt of a valid order.
- Referrers cannot be a paid employee of SHE<sup>®</sup> Software, an affiliate, reseller or partner.
- SHE<sup>®</sup> Software reserves the right to determine what qualifies as an eligible referral.
- We reserve the right to amend or modify the referral program at any time and in any way (including adjustment to the amount of money earned for each referral) or discontinue the program without advanced notice.
